
Voit tulostaa pelin kopiopaperille. Leikkaa ja liimaa kortit sitten kartongille tai pahville. Kontaktimuovilla tai laminaatilla saat korteista kestävämmät. Jos tulostimesi ottaa vastaan paksumpaa paperia tai kartonkia voit tulostaa pelin suoraan sille. Tee pelille pussi värikkäästä kankaasta tai käytä pientä pahvirasiaa, jonka voit itse koristella. Leikkaa myös alla oleva peliohje talteen ja säilytä yhdessä pelin kanssa.

Ammatit - muistipeli

Peliin kuuluu 48 korttia. Sekoita kortit ja aseta pöydälle kuvapuolet alaspäin. Pelaaja kääntää kaksi korttia, jos ne ovat parit, hän saa yrittää uudestaan, jos ei ole parit, vuoro siirtyy seuraavalle. Voittaja on se, joka löytää useammat parit.

Pelin lomassa voidaan miettiä, millaisia lahjoja tarvitaan erilaisissa ammateissa ja minkälaisia lahjoja Jumala on kullekin antanut. Mikä minusta tulee isona?
