Voit tulostaa pelin kopiopaperille. Leikkaa ja liimaa kortit sitten kartongille tai pahville. Kontaktimuovilla tai laminaatilla saat korteista kestävämmät. Jos tulostimesi ottaa vastaan paksumpaa paperia tai kartonkia voit tulostaa pelin suoraan sille. Voit myös halutessasi värittää itse kaloja mustavalkoisista kuvista.

Tee pelille pussi värikkäästä kankaasta tai käytä pientä pahvirasiaa, jonka voit itse koristella. Leikkaa myös alla oleva peliohje talteen ja säilytä se yhdessä pelin kanssa.

Pietarin kala – keräyspeli

Peliin kuuluu 16 korttia. Kortit levitetään alustalle. Valittu etsijä laittaa silmät kiinni siksi aikaa, kun toiset valitsevat yhden Pietarin kalaksi. Nyt etsijä nostaa kaloja käteensä toisten laskiessa ääneen kortteja (1,2,3 jne.). Kun etsijä nostaa oikean kortin, toiset huutavat yhdessä ” PIETARIN KALA”. Kortit levitetään takaisin alustalle. Valitaan uusi etsijä ja leikki jatkuu.

Ikäsuositus: 4-12v.
